AGING IN PRISON.

Mrs. Chadwick May Die Before Her Sentence Has Expired.

Columbus, O., May 17.—Cassie L. Chadwick is aging rapidly under her present imprisonment and will probably not live out her term. She has lost flesh noticeably in the last few months and would hardly be recognized by those familiar with the "Queen of Finance" as she presented herself for trial in the federal court in Cleveland last year.

KILLS FOREMAN.

Italian, Offended at Superior Pulls a Revolver.

Greenwich, Ct., May 17.—Because Foreman Patrick Finnegan on a building job here told one of the Italian workmen not to dump stone on a pile of water pipe, the Italian pulled a revolver, without a word of warning, and shot the foreman dead. The murderer, a young man about 19, and whose name is not known, has escaped.

HIS THROAT CUT.

R. C. Hewitt of New York Had Received Threats.

New York, May 17.—Robert C. Hewitt was found unconscious, probably fatally wounded in the back yard of his home in East One Hundred and Forty-Seventh street yesterday, with his throat cut, under suspicious circumstances.

G. H. KENDRICK & CO. HAVE A NEW CIGAR

Present Wadsworth Brothers' Chico, Which Sells Like Wild Fire.

Kendrick & Co. have recently introduced a new brand of cigars—Wadsworth Bros. Chico. In size and quality they are the style of a ten-cent cigar, but retail at five cents straight.

The Chico are made from a long clear Havana filler and burn with a solid ash. In flavor and fragrance they cannot be told from cigars that retail at ten and fifteen cents. The fact that they are today the favorite smoke of the most fastidious trade, people who heretofore smoked nothing but ten and fifteen-cent cigars, shows that this is true. Prove it for yourself, however, by trying a Chico. Put down a dime at their cigar counter and see if the two cigars you get are not better than any cigar you ever smoked before for twice the money.

Pork Sausage!

We have the finest lot of Sausage this week that you can find in the city. Not but what we always have good sausage, but it improves every time we make it, and this being our last effort, it is of course a little ahead of the last. Just try some and be convinced that we make the best Sausage in the city.

"NEVER AGAIN" SAYS CHANDLER

Will He Act as a Go-Between For President

HE BACKS UP TILLMAN

Reads Truth of Reports on Rate Bill Efforts — Says President Is "Mis-taken"—Senator Bailey Asks a Grievance.

Washington, D. C., May 17.—Senator Tillman yesterday received from Senator William R. Chandler a statement of his course as an intermediary in negotiations between President Roosevelt and Senators Tillman and Bailey on the railroad rate bill.

The communication bears upon Senator Lodge's denial for the President of Mr. Chandler's statement, quoting the President as saying he had lost confidence in Senators Foraker, Spooner and Knox. It was offered in the Senate by Senator Tillman and will be printed in the Congressional Record.

Mr. Chandler read the essential truth of the statement made by him, and repeated by Mr. Tillman in the Senate. The most interesting feature of Mr. Chandler's letter is contained in the closing paragraph in which he says:

"On the whole, perhaps, I ought to consider myself fortunate. If the old imperialist days had been fully revived at the White House, one whom I considered the best of friends, Senator Lodge, would have been out of my head and taken it to President Roosevelt on a charger, and I should have spoken no more. Now, at least, I have left to me the power of speech, but I shall never use it again as a mission from President Roosevelt to the Democratic party."

Ex-Senator Chandler in his letter writes Mr. Tillman taking issue squarely with the President and although he abstains from calling the President's denial false, he leaves that impression very decidedly.

As the page ran to the desk carrying the manuscript of Mr. Chandler's letter, Mr. Tillman observed that "it would be seen who was the liar."

Mr. Chandler, in this letter reiterates substantially all that he has heretofore said on the question of the rate negotiations and reaffirms the essential truth of his statement that the President told him that Senators Knox, Foraker and Spooner were trying to defeat the rate bill. This was denied by the President through Senator Lodge, on the floor of the Senate last Saturday.

Senator Bailey of Texas yesterday afternoon denounced the Washington correspondent of the Chicago Tribune as "an unqualified, deliberate and malicious liar."

The same strong terms were applied to a story in Tuesday's Tribune in which Bailey was charged with traitorous conduct in connection with rate legislation, and was said to have been suspected of treachery by Senator Tillman and former Senator Chandler. Furthermore, Mr. Bailey declared with dramatic emphasis that the person who furnished the correspondent with the material for his story, was also "an unqualified, deliberate and malicious liar, whoever he may be, and however high the office he may hold." Mr. Bailey did not specifically charge that the story was inspired by the President, but it is probable that he had in mind the story in the Tribune which was said to have been given out by the South Carolina.

Senator Tillman emphatically denied that he has ever "suspected" Senator Bailey and had read a statement from Mr. Chandler which was practically the same as that heretofore given out by the South Carolina.

WANTS A CABLE.

Panama Military Operations Would Require, Taft Says.

Washington, D. C., May 17.—Secretary Taft yesterday urged before the House committee on interstate and foreign commerce and military necessity of a government cable to Guantanamo, Cuba, Porto Rico and the Isthmus of Panama.

"We are proceeding upon the theory that we are to fortify the Panama Canal," he said. "With the conditions as they are, and the United States under the responsibility of suppressing insurrections, and in a country where they have insurrections once a year, it makes communication a necessity."

The total cost, he said, was estimated at \$1,300,000. Opposition was made on behalf of the company now operating the American line.

IN A DEADLOCK.

Pritchett Leading Candidate in Smithsonian Secretary.

Washington, D. C., May 17.—The election of a successor to the late Prof. S. P. Langley of Boston as secretary of the Smithsonian Institution, was postponed until December yesterday by the board of regents, a deadlock having arisen.

Meanwhile the situation will be investigated and the slowness of the several candidates sounded. It is understood that the leading candidate was Prof. Pritchett of the Carnegie Foundation, the retiring president of Boston Institute of Technology.

Others prominently mentioned were Prof. Hall of the Lick Observatory and Dr. Walcott of the geological survey.

Senate Committee Votes Against Lock Plan.

Washington, May 17.—The Senate committee on interoceanic canals yesterday voted in favor of constructing a sea level canal.

Senator Carmack's return from Tennessee broke the deadlock, which occurred at a former meeting.

CASSATT A WITNESS.

Son of Pennsylvania President Tells of Car Distribution.

Philadelphia, May 17.—At the inquiry of the interstate commerce commission yesterday R. K. Cassatt, son of President Cassatt of the Pennsylvania railroad company, was called to testify concerning his connection with the Rayston Coal and Coke company. He said he was eastern manager of the coal company.

Asked if the Keystone company had ever received any special assignment of cars from the Pennsylvania railroad, he replied that it had not, but that in 1902 they secured 500 new cars from the Pressed Steel Car company.

"The Pennsylvania," he said, "had placed an order with the car company for these cars. The Keystone company was in need of cars and the Pennsylvania relinquished the contract, and we made a contract for the cars. The cars were not taken from the Pennsylvania's equipment. They were not even under construction."

LABOR MEN LIKE

ATTITUDE OF CHURCH

Worcester Leaders Appreciate Efforts of Congregational Conference to Know Conditions Better.

Worcester, May 17.—Local labor leaders expressed themselves yesterday as pleased with the attitude of the labor committee of the general assembly of the Congregational churches of Massachusetts, which found expression, Tuesday, in the adoption of the following:

"That we urgently recommend that the members of our churches seek acquaintance with members of labor organizations; that they study the history and aims of labor unions and endeavor to understand clearly their object and purpose; to the end that through mutual friendliness and influence of the gospel of the kingdom of God may be increased both among the unions and in the churches; and also that they and we, with a better realization of the character and purpose of the church of Christ, may be led to seek from it the counsel, the guidance and the assistance which is our common need and our common privilege."

It is considered probable that the resolution will receive the attention of the Central Labor Union at its next meeting.

HALF A MILLION.

Alfonso's Wedding Gifts to Ena Include Gem-Studded Crown.

New York, May 17.—A special cable dispatch to the Sun says:

King Alfonso's wedding gifts to Princess Ena will consist of jewels valued at \$500,000. They will comprise a golden crown studded with diamonds, a diamond diadem, a diamond necklace, a pearl necklace, a golden bracelet studded with diamonds, brooches and earrings.

In accordance with the order issued by the governor, wadded saddlecloths were used in the last bullfight here to prevent the bulls injuring the horses. The bullfighters declare they are dangerous, and consequently the idea of using such saddlecloths at the corrida to be held in connection with the king's wedding festivities has been abandoned.

RAGTIME AT A FUNERAL.

"Always in the Way," Played on Battleship, Nearly Caused Mutiny.

Washington, May 17.—Because Capt. Hiram I. Beares, commanding a company of marines on the battleship Wisconsin, ordered the band to play ragtime at the funeral of Private C. W. T. Lawrence, who was drowned near Olongapo, an investigation by the navy department is likely.

Communications have been received at the navy department protesting against the action of Beares, who is alleged to have ordered the band to strike up "Always in the Way," while the funeral was in progress. The incident took place about three weeks ago.

Lawrence's comrades were indignant, and it is said a mutiny was narrowly averted. Beares is from Indiana.

A FATHER'S JURY.

Accused Italian Girl Has Been Careful in Her Right to Challenge.

New York, May 17.—When Justice Scott yesterday morning entered the room where Josephine Terranova, accused of killing her uncle and aunt, is on trial for her life, but one juror remained to be selected, and prospects for the taking of evidence in the afternoon were bright.

Half an hour before the clerk called the roll of the extra venire, Signora Teresa Pullaro, the aged mother of Josephine Terranova, slipped into a seat in the rear of the court room. She was dressed in deep mourning. Her two daughters, little Rosina, 10 years old, and Catherine, wife of Pietro Giorgianni, sisters of the accused,

Taking the mother and Rosina in charge, Judge Palmieri led them into the chambers of Judge Scott, where, after a brief interview with the accused girl, both came out, weeping.

Throughout the morning session the mother sat with her sunken eyes fixed daily on the accused girl, now and then crossing herself and again burying her face in her handkerchief.

More carefully dressed than Tuesday, the young husband, Giuseppe Terranova, sat back of the Pullaro family. He was surrounded by a half a dozen dozens of "Little Italy," and manifested no special interest in the members of his wife's family.

The Terranova jury is remarkable for two things. First, for the evident high character and business standing of its members, and second, for the fact that every juror is the father of at least one daughter. Most of them have two, "By some subtle instinct," said one of the insanity experts yesterday morning, "the Italian girl has learned how to avail herself in a remarkable manner of her constitutional right to be tried by a jury of her peers—her equals. This has been called a 'jury of fathers,' but the real jury, I should say, will be young daughters of these fathers. It is in the influence of the memory and the love of these daughters of the juryman that the Latin girl, who did not know the care and protection of a father, will place her trust."

ATTENTION, UNION MEN!

Do you, when enjoying your pipe or having a chew of tobacco, ever think of the conditions that Tobacco is made under? Don't you think the tobacco workers should have fair wages and fair conditions, the same as you enjoy as union men? If so, be sure and demand Union-made Tobacco, bearing the union label. By doing so you will help do away with the strike-breakers, and if you don't you are unfair to organized labor yourself.

ALMOST WON A BALL GAME

Boston Americans Frightened Their Supporters

13TH STRAIGHT DEFEAT

Clevelanders Fell on Winter in One In-

ning and Outside of That Could

Do Little—Score Was

7 to 6.

Boston, May 17.—George Winter had one bad inning yesterday afternoon, in which the Clevelanders reaped a harvest of six runs. At other times Winter pitched strong base ball. The home team tumbled up Rhoades for nine hits, outbatted Cleveland, and then lost the game, 7 to 6, making the thirteenth straight defeat.

Ferris hit for two triples and Graham landed a home run, but the batting of the Collins men was not close enough together to make run possible except in the last inning, when they batted like the champions. They used to be Boston was the first to score, on Graham's home run in the third inning, the ball going into the left field and into the bleachers.

The sixth inning was like a nightmare for the home team. Rossman started Winter's troubles by hitting out a two-bagger, but he was called out for not touching first base. Congalton hit for two bases, as Stahl could not reach the ball. Congalton stopped at third on Turner's rap to Parent. Clarke hit a bad grounder at Grimshaw and was safe. The bases were full when Rhoades got a pass, and then Plick came up and flicked the ball to the right field corner, sending in three runners. Lay out a single in center and Flick scored. Bradley walked and Lajoie followed with a triple, sending in Bay and Bradley. Rossman was out on a grounder to Collins. The visitors got another in the seventh by a force, a stolen base and a hot one by Lajoie which got them three runs.

Meanwhile the home team had been asleep, but they woke up in the seventh. Freeman got a pass and went to third when Rossman made a wild throw to catch him at second on Selbach's grounder. Ferris tripled and brought Freeman in. In the eighth Turner made a wild throw on Parent's grounder. Stahl fled out, but Collins tripled, scoring Parent. On Grimshaw's out Collins scored. Freeman singled, but Selbach and Winter were easy outs. Real lively hitting almost tied the score in the ninth. Ferris leading off with his second triple. Graham sent him in with a single. Tanshill batted for Winter and was an easy out. Parent drove a two-bagger and on a passed ball Graham scored. Stahl got a pass and Collins tried hard to tie the score. The best he could do was to drive a grounder at Rhoades and Parent was out on a fly to Ray, closing an excellent chance for Boston to tie the score.

STAND BY THEIR DEMANDS.

Boston & Northern Employees Ready to Strike for Increase.

Boston, May 17.—Several thousand motormen and conductors employed on the Boston & Northern and Old Colony street railway systems have voted to enforce their original demand for a new working schedule, according to official reports made yesterday at a meeting of the delegates of the men, held at Hotel Bedford in this city.

These demands, which include a flat wage rate of 28 cents an hour, 9 hours in 11 for a day's work and the unionizing of all employees, have been rejected already by President P. F. Sullivan, chief official of both companies.

The delegates voted to ask for a second conference with President Sullivan and the latter acquiesced. The meeting will be held today at 2 p. m. President W. D. McMahon of Detroit, of the Amalgamated Association of Railway Employees, announced after the meeting that the plan of insisting upon the original demands had been endorsed by over two-thirds of the membership in the various unions affected. The two lines, which are controlled by the Massachusetts electric companies, extend from Nashua, N. H., to Fall River and New Bedford, excluding Boston.

BAD FOR HEMP CROP.

Typhoon Caused Big Shortage in the Philippine Product.

Manila, May 17.—The disastrous effects of the typhoon of last September upon the hemp crop are now evident. It resulted in a serious loss. Exporters who have compiled reports from the southern hemp provinces estimate the shortage at 100,000 bales, as compared with the corresponding five months of last year.

MILITIA TO QUELL RACE RIOT.

Four Companies Are Ordered to Coeymans, N. Y.

Albany, N. Y., May 17.—A race riot between striking Italian and Southern Negroes who had taken their places broke out in the brick yards on the west bank of the Hudson River at Coeymans, twelve miles south of here. One Negro has been brought to the Albany Hospital with a bullet in his side. Shortly after the noon hour Sheriff Pitts requested that the local militia be sent to Coeymans and arrangements were at once made to have the four companies of the Tenth Regiment, located here, forward to the scene of trouble. The detail left Albany at three o'clock.
